Dear Lil,

Harold said we could take the expenses for transcripts in the spectro suit [Weisberg v. Depatment of Justice, CA 75-226] out of the WWIV account. Since I find I'm down to my last $32.00 in my bank account, I've decided to relent and pass on the bills. When we ultimately win the case, we will be entitled to have the government reimburse of for these expenses, if anyone can still remember what they were.

Basically, I have spent $45.00 for the two transcripts of the May 2 and May 21, 1975 hearings. I paid this by check on June 2nd. I have received a bill for $25.00 for the July 15 hearing transcript, but have not yet paid it. When I do, this will bring my total expenditures for transcripts to $70.00.

My best regards,

Jim
